*Relevant Coursework:* Program Design, Business Information System Analysis and Design, Database Application for Management, Knowledge of Data Mining, Business Intelligence System, ERP

## WORK EXPERIENCE

**Nestlé Ltd.**                                                                                                        Oct 2020 to Nov 2020
*'Nesternship Supply Chain Management Analyst (Internship)'*
- Cut operations reporting time and developed a new dashboard to monitor KPIs through Power BI.
- Enhanced the process of entering and updating data in Microsoft Excel by using VBA.
- Analyzed the key features of import products and introduced the new way of viewing 'Advance Ruling' Report.

**Wongnai Media Co., Ltd.**                                                                                     June 2020 to July 2020
*'Business Intelligence Analyst (Internship)'*
- Developed new dashboards to monitor OKRs, highlighting growth opportunities and areas of concern. Presented insight findings and recommendations to the leadership team.
- Extracted and manipulated data using SQL, and integrated resultant datasets in Metabase to create interactive visualizations that helped the management team to achieve their goals.
- Cut operations reporting time by 90% and developed an operations dashboard by introducing automation through Metabase.

**Chulalongkorn Business School (Division of Research Affairs)**                                      Jan 2020 to Feb 2020
*'Citations Analyzed Program'*
- Enhanced the process of viewing a report in an effective manner by summarizing from cumulative reports to monthly reports.
- Developed python software to reduce working time in citations' summaries.

## LEADERSHIP & INVOLVEMENT

**Chulalongkorn Alumni Mentorship Program 9** (Core-Team)
- Managed a team of 10 members to operate 'Selection Day' for over 150 candidates to do an interview.
- Analyzed the candidate's information to develop a standardized application process for next year.
- Automated a daily report by sending the candidate's application report via LINE using Apps Script and LINE API throughout the application period.

**Chulalongkorn Alumni Mentorship Program 8** (Mentee - *Project Owner*)
- Led a team of 13 members to organize a one-day 'Data Analysis Training Project' in the university.
- The 20 participants were inspired and encouraged to learn more about data science skills.
